## LOCAL BRIEFS.

THE CHORAL UNION meets on Monday evening.

JAMES M. PETERSON has been appointed notary public for Sanpete County.

GEORGE H. KNOWLTON, the real estate man, has some interesting announcements in this issue.

WELLS, FARGO &amp; Co.'s shipments yesterday were: Ore, \$23,400; gold bar, \$10,000. Total, \$33,400.

McCORMICK &amp; Co. received yesterday, Hanger bullion, \$4,700; silver and lead ores, \$12,200. Total, \$16,900.

ROBERT W. BROWN, William Sharp, William Haddfield and Elizabeth Outliffe were admitted to citizenship yesterday.

HELD'S OPEN-AIR concert attracted a large audience again last evening, and evoked any amount of favorable criticism.

THE POLICE COURT was dull again yesterday—not a single arrest being made for twenty-four hours. Whether we are drifting?

ALL MEMBERS of the Western Star Council are requested to meet at their hall to-day, at 3 p.m. By order, H. F. Clark, D. P. Officer.

CORPORAL KELLY, mention of whom was made yesterday, has been placed under bonds of \$500 to await the action of the Grand Jury.

NICK BERNARDIS, whose California Restaurant, below the Walker House, has captured the nicest line of trade going, has an announcement in to-day's HERALD.

CAPTAIN J. W. GREENMAN will soon blossom out as a real estate dealer. Those who are best acquainted with him say he will most assuredly make a success of it.

THE MARRIAGE certificate of Andrew M. Nichols and Lily Thirkell was filed in the Probate Court yesterday. The ceremony was performed by Captain J. W. Greenman.

A BLIND FIDDLER is the latest street attraction, and the wheezing he inflicts upon the public can only be likened to the leading violinist of the Halliday Georgia minstrels.

MR. C. R. SAVAGE has just completed a couple of views—exterior and interior—of Calder's Palace. They bear the stamp of the artist, and are highly prized by Mr. Calder.

SEVENTY-FIVE excursionists from various points in the east, who are on their return from the coast, made the Continental Hotel their abiding place yesterday, and were around in open-mouthed wonder during the afternoon.

REV. T. C. LEE will lecture in the Methodist Church to-night, at 8 o'clock, on "Intolerance and Bigotry: Always Bad, and Bad Every Way." Seats free, and all made welcome. Mr. Lee also preaches at the same place at 11 a.m.

JUDGE E. C. ROGERS, of Wichita, Kansas, and one of her wealthiest citizens, is in town on a visit of a week or ten days' duration. He has made many friends already, and is very favorably impressed with the city and its surroundings.

SCHOFIELD &amp; Co. is a new firm who have just commenced business at the new stand, No. 103 First Street, opposite the City Hall and adjoining Burton, Gardner &amp; Co.'s. The gentlemen composing the firm have had an extended experience, and will doubtless do well.

THE SALT LAKE Iron, Lime and Rock Company, for which Mr. F. A. Pascoe is the agent, have an announcement in this issue. They have testimonials from the east, stating that their lime rock is the purest thus far sent from Utah, and plasterers and whitewashers here unite in recommending it.

THE Tribune libel suit will in all probability go to the jury to-morrow night. Yesterday morning Mr. Austin was on the stand, and sustained a raking fire of cross-examination; it must be said, with entire coolness, clearness and equanimity. He was released at noon and the remark was general that his testimony could not fail to produce a strong impression. The arguments to the jury were commenced in the afternoon. Ben Sheeks opens, Williams follows for the defense, then Brown, and Mr. Rawlins closes on behalf of Mr. Austin.

## PROGNOSTICATIONS.

Time for the People to be Up and Awake.

## OLD FACES TO BE SEEN NO MORE

A Trial that Will Fail—The Places for District Conventions—New Figuring all Around

The People's Central Committee have their hands full.

It is only a little more than two months before the names of candidates to the next legislature will be voted for in the thirty-six districts of the Territory.

In that time all the precincts will have to hold primary conventions to elect delegates to the district conventions, where the district Councilman or Representative is to be chosen.

The district conventions will probably be held in the largest central town of each particular district.

It will all be easy sailing as far as districts so naturally defined and divided as No. 4 (Ogden precinct), No. 9 and 10 (First and Second Salt Lake City precincts), and some others are concerned.

But some question may arise as to what would be the rallying point of a district like No. 7, which includes all of Summit County (except Henefer, Woodland, Pross and Kanab), and Mountain Dell and Sugar House Ward in this county. Or No. 8, which comprises Tooele County, Timpan and Bingham, or Nos. 13 and 14, which include a dozen suburban settlements in this county, all of about the same size and importance.

It will be interesting to note how No. 6, comprising Morgan County, Davis County, and the precincts of Pleasant Green, Hunter, North Point and Henefer will unite on any one man who will be acceptable to the whole diversified aggregation.

It looks very much like this and several other instances, were cases where the Commission hoped to cause a split in the ranks of the People's Party.

But if the People's Party have any one political principle reduced to a fine point it is that of "United we stand, Divided we Fall."

It may not be uninteresting to canvass the field at the present time, with a view to ascertaining how many of the familiar faces of 1885 are destined to be out of the race in 1887; also, which of those faces the people will have the power, if they have the will, to send back to their old places.

IN THE COUNCIL—From what is now the First District, Hammond, Francis and Barton were formerly sent. Two out of this trio, under the new order, must remain at home to tend the flocks. From the Second, a new man will come. In the Third, Shurtliff will win if he is run. The Fourth is the one district in the Council which may go to the Liberals; whether or not it does will depend largely upon the Liberal registration (and Liberal union) in Park City, and the People's registration in the First Precinct of this city. In this district, during the Gaine and Ferry contest, the People were 220 ahead, but of course the female vote is off, which increases the chances of the Liberals. The Fifth (comprising the Second and Fifth Precincts of Salt Lake) will send in an infusion of fresh blood. From the Sixth, in 1885, came Sharp, Taylor and Smith, but only one of them can run for 1887. The Seventh will put up a new name. The fight will be close, but it is a good water that the People's man "drinks in." In the Eighth, Page stands alone. The Ninth will send a new man, and the Tenth will do the same owing to Hon. Joel Grover's death. In the Eleventh, Tuttle has the entire field, and in the Twelfth Haybourne and Slack will have to draw out.

From this, it can be seen that six, at least, of the veterans in the Council who assisted in the fight that cost Murray his seat will be here to see the new order.

IN THE HOUSE—Kimball, Howells and Baty may come back from the new First, Second and Third, if their constituents say so. From the Fourth last session, valiantly marched West and Stratford, but their useful services were few will be known to the House no more. As four must be handed over to the enemy, five puts up a first candidate; six may retain Stewart if it chooses; seven is Liberal unless Park City splits; Mr. McLoughlin may come back again, but there is not much probability of it. It is whispered that the place is to be offered Col. Perry as a sort of reward. Eight sent Anderson in last time, but it will be a close fight to determine whether People or Liberal will there. In view of the terrible disgust for the oath in the mining camp, the chances favor the People. From Nine, of old, Riter, Young and Woolley were dispatched; two of them will display "At Home" cards this season. Ten also has two (Clark and Cannon) where she must now do with one. The seats belonging to Eleven, Twelve, Thirteen, Fourteen and Fifteen will be held down by new forms. In Sixteen, McCullough, Smoot and Thurman formerly held sway; that trio will be a solo hereafter. From this upward the new apportionment makes the old men fit the new districts. If the People choose, Creer, Hatch, King, Lund, Thurber, Farnsworth, Houston and Rider may come back from Seventeen, Eighteen, Nineteen, Twenty, Twenty-one, Twenty-two, Twenty-three and Twenty-four, respectively.

Thus, at the lowest calculation, eight of the old war horses of the house in the coming contest will only be able to sent the battle from afar.

Fourth of July Celebration.

The citizens of Salt Lake who are interested in having a grand Fourth of July celebration this year, will meet at the Federal Court Room on Monday, May 23, at 8 o'clock.

## MANY CITIZENS.

Gro. W. Peck, Jr., says: "The rider who wishes to save a broken head or neck, and live to ride another day, should not hesitate, but cast aside that foolish prejudice and buy a 'Star.' Do not ask dealers in crank machines for their opinions of the Star, as they can hardly be expected to adhere strictly to truth." Mr. Peck was formerly a crank rider.

Mr. H. Penbrooke is agent for the Star Bicycle in Salt Lake.

## PAINTERS VS. PLUMBERS.

The First Named Do Some White-washing at Baseball.

The artists of the pallet and brush met on the diamond, yesterday afternoon, their brethren of the copper-bit and solder, and engaged in a friendly contest at baseball, with the result that the former whitewashed the latter sufficiently to win the game, although they themselves were in turn whitewashed. There was considerable interest and no little merriment during the progress of the playing, the painters wielding the bat much after the fashion of slap-dashers, and running the bases in a way that put the on-lookers in mind of flying discs in a thunder storm. F. Rip, one of the pitchers, and Dave Coombs, the catcher, may, at some distant day, prove formidable rivals of Busby and Lloyd, while Will Hall, in left field, and Brig Pyper, as shortstop, will some time divide the honors of those positions with T. Barker and Kelly Golding—perhaps. The plumbers were heavy batters, though they enabled from one base to the other as if loaded down with put metal and tools for a new hotel job. But their battery, Arthur Reed, catcher, and H. Cromer, pitcher, was a formidable one, of its kind, and J. Erskine on first base did some clever work, though not enough of it. The winners last evening threatened to plant the town red in consequence of their victory, but were doubtful of having enough vermilion or red lead in their stocks.

Following is the score by innings:

	1	2	3	4	5	6	7	8	9	10	11	12
Painters	5	4	3	1	6	3	0	0	17			
Plumbers	0	2	0	2	0	2	0	3	1	0		

## Accidentally Drowned.

We learned to-day of a sad accident that occurred on Tuesday last at Salem. The body of a little child of Mr. Orson Hulsh was found floating in the Salem Canal, a short distance below its home. The man who took the body out of the water, found that life was extinct, and at once carried the body to the parents. The canal runs past Mr. Hulsh's house in the Salem field, and it is supposed the little one had accidentally fallen in.—*Provo Enquirer*.

## The Brown Case.

The case against Alexander Brown, charged with adultery, which had been continued until 2 o'clock yesterday, was again postponed till to-morrow at 2 p.m. It has been generally known, and the Tribune reporter so informed on Friday at the First Presbyterian Church, that Miss Winney and Brown were communicated for adultery, but that did not prevent the sheet from making an ass of itself, as usual, yesterday morning.

## Emil Seifert's Grand Concert Next Friday Evening.

Emil Seifert is a world famous violinist who has played to crowded audiences in all the capitals of Europe and all the large cities in this country from New York to Denver. He has been decorated honorably as an artist by Emperor Wilhelm of Germany, and by King Ludwig of Bavaria. The Denver press praises his music in most extravagant words and those who go to hear this celebrated artist next Friday at the First Presbyterian Church will not soon forget his passionate music and brilliant technique. The London Times says: "Emil Seifert is an artist of the highest reputation, and takes rank beside Wilhelm and Joachim"—the world's greatest violinists of this time.

Mr. Seifert will be assisted by some of our most popular musicians, including Mr. W. E. Weibe, Mr. J. McIntyre, Mr. Anton Pederson, Mr. James Olson, Mrs. Nellie Pugsley, Miss Jennie Hawley and others.

Reserved seats should be secured at once at Calder's music store, as there surely will be a crowded house.

## AUCTION! AUCTION!

Andrews & Whiteley, the Auctioneers, will sell at public auction on Tuesday, May 24th, at No. 452 East Second South Street, a lot of elegant furniture, comprising parlor set costing \$270, marble-top bedroom sets, white curled hair mattresses, sideboard, hall hat rack, body Brussels carpets, Turkish rugs, sewing machine, easy and dining chairs, French mirrors and clocks, \$300 worth of silverware, cut glass and China ware, oil paintings, wardrobe, writing desk, window drapery, choice plants, lawn mower and garden tools, lot of chickens, etc. Sale to commence at 10 a.m.

## Liberal Lecture.

Dr. J. L. York, the noted Liberal orator, speaks at the Opera House Sunday evening, May 23, on "Individuality and What it Costs, and a Glimpse of the Unburied Dead." A collection will be taken at the door. Doors open at 7:15, lecture at 8 sharp.

FLASKS at Culmer's cheaper than ever.

LOVERS of fine Olives should get the best Italian at about half price, being imported in bulk at CULMER'S.

Notice. We will continue our cost for cash furniture sale until further notice. BARRETT BROS.

## IT IS LIFE OR DEATH.

A Peculiar Outgrowth of the Libel Suit.

## MR. BOWERS' NEW COMPLAINT.

A Colored Gentleman in the Wood Die—What Mr. Bowers Charges Against Mr. Austin.

At a late hour last night a summons, issued on the following complaint, was served on Mr. Edward Austin, the plaintiff in the suit for libel against the Tribune now on trial in the Third District Court. Mr. Bowers, it will be remembered, was the author of the alleged libelous article, and has been one of the Tribune's chief witnesses in the case. This new suit is evidently an outgrowth of the action against the Tribune, the cause of action set out in the complaint having been based on the testimony of Mr. Austin as to the value of Mammoth mining stock, and certain transactions therein. Here is the complaint:

In the Third District Court, for the Third Judicial District, Utah Territory.  
W. H. BOWERS, Plaintiff,  
vs.  
EDWARD AUSTIN, Defendant.

Plaintiff complains of defendant, and for a first cause of action alleges:

That on or about the 1st day of October, 1882, plaintiff was the owner and entitled to the possession of a large number of the shares of the capital stock of the Mammoth Mining Company, a corporation organized and existing under the laws of the Territory of Utah, to-wit: over 250,000 shares of the value of \$2.50 per share. That on or about the 1st day of October, 1882, and while said stock was in the control and in the possession of plaintiff, said defendant, then manager of the London Bank of Utah, limited, reported to plaintiff that he (defendant) had found for plaintiff a purchaser for a certain block of the said shares, and also reported that the said purchaser, to-wit: one Montgomery Walker, as plaintiff is now informed and believes was willing to pay and would pay for said shares at the rate of \$2.50 per share.

That as proof of said statement said defendant pretended to read to plaintiff a cable message received from the said Walker. That plaintiff, relying upon the statements of said defendant, and upon the supposed contents of said cable message, authorized the said defendant to deliver to the said purchaser a large number of said shares, to-wit: about 10,000 shares, at the rate of \$2.50 per share. That in truth and in fact the said Walker was willing and offered to pay at the rate of \$3.00 per share for said stock and sent to defendant the money for the purchase thereof.

That the defendant, by false representations as to the contents of said cable message, induced plaintiff to authorize him (defendant) to deliver to said Walker a greater number of shares than plaintiff would have delivered had he been informed that the said Walker was paying for the same at the rate of \$3.00 per share.

That the excess of number of shares so delivered over was three thousand five hundred shares. That the excess of shares so delivered to defendant by plaintiff was not delivered to the said purchaser, but was by defendant, in fraud of plaintiff, retained and appropriated by him to his own use. That in accounting to plaintiff for shares of stock transferred by defendant, defendant reported that said shares were sold to the said Walker, or to the said purchaser, at the rate of \$2.50 per share.

That plaintiff never became aware of the facts in the matter, or of defendant's fraud practiced upon him, until recently, to-wit, the 20th day of May, 1887. That plaintiff immediately, upon the 21st day of May, 1887, made demand in writing upon said defendant for said 3,500 shares of stock, but defendant refused, and still does refuse, to deliver the same over to plaintiff, or to account to him in any way for the same.

For a second cause of action, plaintiff alleges that said defendant, on the 21st day of May, 1887, had in his possession and under his control fifteen hundred and twenty-eight (1528) shares of the capital stock of the Mammoth Mining Company, a corporation organized and existing under the laws of Utah.

That said shares were the property of plaintiff, and plaintiff was entitled to the possession of the same. That on the 21st day of May, 1887, plaintiff made written demand upon defendant for said shares, but defendant refused, and still does refuse, to return the same, or in any way account for the value thereof, but has converted the same to his own use. That the said shares are of the value of 75 cents each, or of the value, in all, of \$1,146.

Wherefore, plaintiff prays judgment, first, in the sum of eight thousand seven hundred and fifty dollars (\$8,750), with interest thereon from the 1st day of October, 1882.

Second—For the sum of eleven hundred and forty-six dollars, with interest from the date thereof.

Third—For costs of suit.

E. B. CATCHLOW, Attorney for plaintiff.

TERRITORY OF UTAH,  
COUNTY OF SALT LAKE.

W. H. B. Bowers, being first duly sworn, deposes and says that he is the plaintiff above named; that he has heard read the foregoing complaint and knows the contents thereof and that the same is true of his own knowledge, except as to matters therein set forth upon information and belief, and as to those matters he believes it to be true. Signed: W. H. B. BOWERS, subscribed and sworn to before me this 21st day of May, 1887.

E. B. CATCHLOW, Notary Public.

TERRITORY OF UTAH,  
COUNTY OF SALT LAKE.

I, John M. Kane, Clerk of the Third Judicial District Court of Utah Territory, do hereby certify that the foregoing is a full, true and correct copy of the original complaint in the above entitled action filed in my office May 21st, 1887.

Witness my hand and the seal of said court at Salt Lake City, this 21st day of May, A. D. 1887.

J. M. KANE, Clerk.

By H. G. McMillan, Deputy Clerk.

## LOCAL BRIEFS.

PEOPLE in the lower wards appear to have forgotten the existence of the stray ordinance, and horses and cows are permitted to roam as much as ever. Send around the mounted police.

A GENTLEMAN desires THE HERALD to direct the attention of the Fish and Game people to the fact that game assassins are fishing in City Creek Canyon nearly a month before the law allows.

THE YOUNGEST boy of Mr. I. M. Barratt, last evening, managed to get hold of some carbolic acid, which he attempted to drink. It was at first thought that he was fatally injured, but word was received at an early hour this morning, to the effect that, while seriously burned, the injuries were not necessarily fatal.

RESIDENTS of the Sixth Ward report an earthquake shock in that vicinity at 12:55 yesterday. One gentleman whose veracity is not to be doubted, says that the shaking was so violent as to cause people to think an explosion had taken place, and they rushed from their houses in genuine alarm. The excitement, however, lasted but a few seconds.

THE EUROPEAN excursion party, under the management of Rossiter & Spence, will be a big success. Persons desiring to go by the Guion steamer should apply immediately, as berths are being rapidly sold. The vessel will leave New York soon after the arrival of the excursionists, and vessels of the other lines from three to five days afterwards.

THE SCAYFOLDING in front of the new "Cullen Block" is now being taken down, and the magnificent brown stone front is left exposed to the admiring eyes of the hundreds who pause to inspect it. Mr. Cullen's building is worthy of Denver or Chicago, and is nearest in appearance to the metropolitan ideal than any edifice yet erected in this Territory.

FEW ENTERTAINMENTS afford as rich a treat as Stephens' Chamber Concerts have done. Last night's exhibition was a repetition of the programme produced the week before, and again drew a good house. It is very hard to distinguish among the gems of the evening, as all were very pleasing. The programme being so long the encores were not responded to, except in the case of Miss Bessie Dean, who fairly brought down the house.

THE BODY of Lonnie Wells-Cannon arrived from San Francisco yesterday morning. Brief, but very affecting funeral services were held at the Cannon farm last evening, Bishop O. F. Whitney and President A. M. Cannon officiating and several Tabernacle choir singers furnishing the music of the occasion. A long line of mourners followed the remains to the grave, which is close to that of the late Emma Wells, a sister of the deceased.

THE CATHOLIC COLLEGE is making a feature of mining, metallurgy and chemistry, and its classes in those sciences, under Professor Fitzpatrick, are said to be making commendable progress. There is more solid sense in teaching boys something that will enable them to grapple with the problems that confront them in the country where they live, than in ten times the training in dead languages and so-called polite arts. The Catholic College will probably give an exhibition at the Theatre in the near future.

THE SHAKESPEARE class gave a farewell reception to Mr. Ezra Stevens, one of their number, Friday evening, at the residence of Miss Emma Elberich, in the Seventeenth Ward. Only the members were present, but they contrived to put in their power to make the affair a pleasant reminder to the young gentleman of his Utah associates. Mr. Stevens was also presented by the class with a gold pen and holder. He leaves for New Zealand on a mission on Thursday next.

ONE of the principal business men of the city said to a reporter yesterday: "There is a good deal of justice in the complaints made about the sprinkling of our streets. The city allows a tract at a nominal sum per year by which the carts take as much water as they want. They simply won't put enough water on the streets. Any windstorm raises the dust and fills the air. Then there is no sprinkling on Sunday, and if this is to be kept up, I think the carts should be run to an extent late hour Saturday night. Again on First South Street, I have seen them starting in as late as 9 o'clock in the morning."

SOMEWHERE ABOUT Christmas the bells of the Burlington free school, in the Twentieth Ward, took up a subscription and presented to their teacher a handsome clock and table cloth for use in the school. A few days afterwards, both articles were stolen. The theft caused great grief among the children, and all efforts to discover the thief failed. A few days ago, the missing articles reappeared, having been placed by the thief in an out-house on the premises. Whether the thief was conscience-stricken, or had endeavored to sell them and failed, will of course never be known.

## LIBRARY AND READING ROOM.

## Some Suggestions to Those Favoring the Enterprise.

As committees are now appointed in every ward in the stake on the library movement, it is desired that they work earnestly and in harmony with the following: Get the name of every person who contributes books and money, the name of the book and amount of money contributed, so that at the special meeting to be held at the Social Hall on Saturday evening, the 28th inst., at 7:30, the report may be read. Committees or persons who bring books for the library will please bring them to the Historian's office. The money is to be kept by the committee until further instructions are given. Contributions of all good books from every person desirous of aiding in the laudable undertaking will be received by the committees any time after the 23d. The full committee from each ward is requested to be present at the above named time and place.

## California Restaurant.

250 S. Main Street, will be opened again to-day, after a thorough renovation. First-class cooking and elegantly-furnished place. Open night and day. N. BERNARDIS, Proprietor.

HUNDREDS are now beautifying their homes with Culmer's Enamel Paint and Diamond Wall Finish.

## A HORSE THIEF SHOT.

A Commotion Created at Rexburg, Idaho.

## THE GANG'S RENDEZVOUS.

Tracking Them to Their Home—"Up With Your Hands!"—Looking Down Rifle Barrels.

Our little village of Rexburg is in a fever of excitement this morning, and groups of men are standing about the block corners discussing the cause. In the small log saloon which faces the main street, are three powerful men, closely guarded, one of whom lies upon a low pallet in the corner with a rifle shot through his thigh. The names of the three are: Columbus Nicholson, Ed. Harrington and James Robinson, the last named being the wounded man. They are accused of being horse thieves; the manner of their arrest is as follows:

Numerous complaints have recently been made that horses turned upon the range from Rexburg, Lyman, Salem, Teton and other towns have mysteriously disappeared, all attempts at finding them being in vain. On Saturday last word was brought from the Teton Basin—an elevated valley between forty and sixty miles from here—that three men had been

## SEEN DRIVING STRANGE STOCK

over some lofty hills in the vicinity of Jackson's Hole, on the Wyoming border. The three men had been cautiously trailed, and after dangerous riding over rocky chasms and almost inaccessible crags, were seen in a secluded valley moving about among a band of horses. Two log cabins were situated on the sloping mountain side, and into these, after some riding to and fro, the strange men disappeared. The person who had thus tracked the horsemen to their home, after reconnoitering the position and ascertaining its direction, returned to the Teton Basin and reported what he had seen. Word was immediately brought to this place, and warrants were issued for the arrest of the parties above named. A posse of seven or eight men, under command of Constable Sam Jones, left here on Monday afternoon well armed, their intention being to ride all night, so as to reach the valley and meet the men as they came from the cabin in early morning. For some cause, however, Harrington had left.

## BEFORE THE POSSE ARRIVED,

and came riding into Rexburg on Tuesday afternoon with some pack horses. At the saloon it was told him that a warrant was out for his arrest, so after purchasing some supplies among others some cartridges, he "pulled out" in great trepidation. He, however, was followed, and arrested on Wednesday morning by T. E. Ricks, junior.

The posse reached the valley while it was yet dark and immediately placed themselves in position around the cabins. After a long waiting, and not until breakfast was over, a door was opened and Robinson stepped
